

HONDA

2012

Odyssey

Home, home on the road.

INTRODUCING THE 2012 HONDA ODYSSEY. From the luxurious feature-loaded interior to the dramatic new exterior styling, the Odyssey will truly change your perception of a minivan. With an aggressive stance and aerodynamic styling, it's ready to meet your family's needs. Just imagine the ultimate family entertainment rec room with a subwoofer-oomphed audio system and available Bluetooth® Audio. Then add available 18-inch aluminum-alloy wheels and a powerful i-VTEC® engine, and you've got the Odyssey. Featuring pretty much anything you could ever want in your house, not to mention your vehicle, it's a revolutionary take on the minivan.

Expect unexpected performance.

FUNCTIONALITY MAKES ITS WAY INTO EVERY INCH OF THE ODYSSEY, including the engine bay. A 3.5-litre, i-VTEC V6 delivers 248 horsepower and 250 lb.-ft. of torque, for performance completely un-minivan-like. And with Honda's innovative engineering, the Odyssey delivers smooth, agile handling, complemented by the available 6-speed automatic transmission. Power-assisted rack-and-pinion steering and the multi-link double-wishbone rear suspension complete the fun-to-drive experience. It's the kind of performance you get from a minivan when the engineers don't think it has to drive like one.

Sitting just got prettier.

YOU'VE NEVER HAD AS MANY REASONS TO ENJOY THE DRIVE AS WITH THE 2012 ODYSSEY. The luxurious front seating area has added padding and even more shoulder room. And with the available 10-way power-adjustable driver's seat, you'll have a new favourite chair. To complete the premium level of comfort, available heated front seats keep you warm and cozy on those cold mornings.

And if comfort wasn't enough, the dashboard controls are designed to be intuitive and convenient. The available Honda Satellite-Linked Navigation System™ is at your fingertips, but with its trilingual voice recognition, you barely have to lift a finger. Available steering wheel-mounted audio controls make playing your favourite song a snap. The innovative available blind spot information system helps you detect vehicles entering your blind spots, giving you that little extra peace of mind. It's almost like a second set of eyes watching the road. And if anyone gets hungry while you're out on the road, the available cool box keeps drinks and snacks at the proper temperature, ready to be enjoyed. Now making a pit stop will be totally optional.

Best seats in the house.

ONE OF THE ODYSSEY'S STANDOUT FEATURES CAN BE FOUND ON THE INSIDE.

With three distinct seating configurations, the middle row sets a new standard for functional comfort. The wide-mode adjustable 2nd-row seats let you give adult passengers more space or make room for up to three full-sized child seats by having the outboard seats slide 1.5 inches to each side, and the centre seat can be adjusted 1.5 inches to each side. That way you can take any member of the family along for the ride, even the ones you hadn't planned on bringing. And with the available multi-function second-row centre seat, you can move your child almost 6 inches closer to the driver's seat, well within mouth-wiping distance. The Odyssey's versatile interior is perfect for your unpredictable lifestyle

- 1> Available remote-operated power sliding doors
- 2> Wide-mode adjustable 2nd-row seats with armrests and walk-in feature
- 3> Expanded windows in the back row, with available sunshades
- 4> Available removable front centre console with storage
- 5> Available heated front seats
- 6> Available multi-function second-row centre seat

1>

3>

5>

2>

4>

6>

1> The available Premium audio system has AM/FM/XM** Satellite Radio/CD capability and MP3/Windows Media® Audio playback. And with 650 watts of power and 15 GB of hard disk drive (HDD) audio storage pumping through 12 speakers including a subwoofer, you'll be more than surrounded by sound. In fact, that would be 5.1 Surround Sound.

2> With the available external HDMI® (High-Definition Multimedia Interface) input jack, you can watch HD movies on the available Rear Entertainment System or sync up any HD compatible device.

3> The available Honda DVD Ultrawide Rear Entertainment System includes a mammoth 16.2-inch screen with split-view capability. Say goodbye to kids' arguing over what to watch and say hello to them enjoying themselves throughout the whole trip.

4> With the MP3/auxiliary input jack and available USB device connector, you can plug in your MP3 player to play your favourite tunes. The soundtrack to every road trip is just a click away.

5> In the rear of the Odyssey, there's an available 115-volt AC power outlet so you can plug in your laptop, phone charger or even a blow dryer, if you're really in a hurry.

6> In the front of the Odyssey, you'll find the available Honda Satellite-Linked Navigation System and multi-view rear camera† that make your trip more direct and safer.

*Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at xmradio.ca.

†Does not replace the driver's responsibility to exercise due care while reversing.

More of everything. Except fuel.

UNDER THE HOOD OF THE ODYSSEY, the spirited i-VTEC engine with Variable Cylinder Management® (VCM®) makes for one of the most fuel-efficient rides you'll find in a minivan. The VCM switches between cylinders seamlessly based on driving requirements, giving you V6 power when you're accelerating and great fuel economy the rest of the way. It's this kind of fuel economy that allows you to put less in and get a whole lot more out.

A space Odyssey.

THE ODYSSEY'S CARGO AREA IS NO STRANGER TO INNOVATION. The One-Motion 60/40 Split 3rd-row Magic Seat[®], invented by Honda, lets you create extra room in seconds. You could say we spend a lot of time thinking about the meaning of space. We've also considered how to make loading your stuff easier, which is why we included features like the available power tailgate. Load up your Odyssey and you'll discover a new appreciation for openness.

Solid on safety.

SAFETY FOR EVERYONE is Honda's commitment to providing one of the highest levels of standard safety features to help ensure occupant safety and protection. In fact, crash tests conducted by the National Highway Traffic Safety Administration ranked Honda as a leader for models with 5-star crash safety ratings for front and side impact.* And through real-world research, Honda is focused on developing unequalled measures of protection to enhance the safety of occupants in other vehicles and even pedestrians – an innovative idea that is quickly becoming a reality.

*Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). Models tested with standard side-impact airbags (SABs).

ACE. The highly innovative Advanced Compatibility Engineering™ (ACE™) body structure disperses frontal impact energy, increasing occupant protection. Additionally, the ACE frame design allows for collision compatibility between vehicles of different weights and sizes.

Solid Frame Structure. Like all Honda trucks, the Odyssey is built with a solid unit-body frame for added strength, stability and vehicle handling.

Maintenance Minder System. The Maintenance Minder system automatically determines when service is required. It also anticipates maintenance schedules, such as oil-and-filter changes and tire rotation, based on your driving habits.

LATCH. Standard Lower Anchors and Tethers for Children (LATCH) offer up to 3 secure child-seat restraint positions in the second row and 2 positions in the third row.

Active Front Head Restraints. Active front seat head restraints lessen the potential for neck injuries during rear-end collisions by reducing the space between the occupant's head and the seat head restraint.

Pedestrian Safety. Innovative pedestrian safety features include energy-absorbing hood and front fenders and breakaway wiper pivots.

Six Standard Airbags. Six airbags line the vehicle's cabin, including three-row side curtain airbags with rollover sensor and the passenger-side Occupant Position Detection System (OPDS) airbag that will not deploy if the system detects a smaller-sized or out-of-position occupant.

Anti-lock Brakes. For safe stopping, the 4-wheel Anti-lock Braking System (ABS) helps you maintain control under hard braking conditions, while Electronic Brake Distribution (EBD) with Brake Assist optimizes braking power based on weight distribution inside the vehicle.

Vehicle Stability Assist. Vehicle Stability Assist (VSA[®]) senses and corrects oversteer and understeer situations to enhance handling and cornering stability, while Traction Control enhances grip during acceleration.

Tire Pressure Monitoring System. For enhanced safety and fuel efficiency, a Tire Pressure Monitoring System (TPMS) continually checks the air pressure in each tire. If pressure drops in any one tire, an alert appears on the driver's instrument panel.

THE POWER OF DREAMS, IN ALL THEIR FORMS. At Honda, we're committed to being a leader in innovative thinking, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help make the world around us a bit brighter and a little more fun. We continually strive to do things others think can't be done, because true innovation comes from daring to dream. Here are just some of the technically ingenious things Honda has brought to life through The Power of Dreams.

- 1> ASIMO™, THE ADVANCED LIFE-ASSISTING ROBOT
- 2> INNOVATIVE PRODUCTS LIKE THE HONDAJET
- 3> OVER 5.3 MILLION VEHICLES ASSEMBLED AT OUR CANADIAN MANUFACTURING FACILITIES
- 4> 10 NORTH AMERICAN HONDA PLANTS ARE SENDING ZERO WASTE TO LANDFILL
- 5> 2,736 TREES SPARED IN CANADA BY PRODUCING DIGITAL BROCHURES
- 6> BLUE SKIES FOR OUR CHILDREN IS HONDA'S ENVIRONMENTAL VISION FOR CANADA AND BEYOND
- 7> 25 YEARS PRODUCING HONDA VEHICLES AT OUR PLANT IN ALLISTON, ONTARIO
- 8> THE HONDA HEAD OFFICE IN MARKHAM, ONTARIO IS CERTIFIED LEED GOLD

WHEN IT COMES TO ENGINEERING, WE DON'T KNOW WHEN TO STOP. There's a lot more to Honda than our reliable cars and trucks. As a company founded on dreams, it's no surprise you can find our innovative engineering in everything from motorcycles to ATVs to power equipment and Marine. For almost anything you need to do, there's a Honda that can help you get the job done.

- 1> Snowblowers
- 2> Generators
- 3> Marine
- 4> Lawn and Garden
- 5> ATVs
- 6> Off-Road
- 7> Side-by-Side
- 8> Motorcycles

WE'RE HERE. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will keep your vehicle in terrific shape. Honda accessories installed at the time your vehicle is purchased are covered under the 3-year/60,000-km limited warranty. If you need more information or assistance, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

[Quality Honda Accessories](#) give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

[Genuine Honda Replacement Parts](#) are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty.

[Honda Financial Services.](#) Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

[We're ready to help.](#) When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or anyone else driving your vehicle, 24 hours a day, 7 days a week, anywhere in Canada or the continental U.S. Coverage is for 3 years, unlimited distance and includes towing, battery boosting and lockout assistance plus many other helpful services. Ask your dealer for more information.
