

2010 CBF600SA

European model shown

Easy to ride, yet packed with high-performance features. The Honda CBF600SA is now available to Canadian riders who want a bike that's loaded with everything they need for years of riding fun. Proven on the tight city streets, twisty mountain passes and wide-open autobahns of Europe, the CBF600SA boasts a fuel-injected engine that has been specially tuned for extra low-end torque and smooth, user-friendly power delivery. It's cradled in a beautifully sculpted aluminum frame that contributes to the CBF600SA's sure handling and light weight. The seat height is comfortably low, and it's adjustable so you can be sure it'll fit you perfectly. And with standard Combined Braking System with ABS (Anti-lock Braking System), you can ride with added confidence.

Key Features

- **Lightweight and compact fuel-injected 599 cc inline-four engine is tuned for the most comfortable balance of performance and ease of use**
- **Combined Braking System with ABS provides both the operating ease of linked brakes and the control of an advanced Anti-lock Braking System**
- **Sleek half fairing features air-directing ports that deflect air around you for better comfort while also enabling lighter, easier handling**
- **Three-position adjustable seat and two-position adjustable windscreen allow you to tailor your CBF600SA for optimum comfort and control**
- **Standard catalytic converter reduces exhaust emissions**

Engine type	Liquid-cooled inline-four
Displacement	599 cc
Bore & stroke	67 mm x 42.5 mm
Compression ratio	11.6:1
Valve train	Chain-driven DOHC, 4 valves per cylinder
Fuel delivery	PGM-FI electronic fuel injection
Transmission	Six-speed
Final drive	O-ring-sealed chain
Front suspension	41 mm fork with adjustable preload; 120 mm (4.7 in.) travel
Rear suspension	Single shock with adjustable preload; 125 mm (4.9 in.) travel
Tires	120/70ZR - 17 radial front; 160/60ZR - 17 radial rear
Brakes	Front dual 296 mm discs with three-piston calipers; rear single 240 mm disc with single-piston caliper. Combined Braking System with ABS
Seat height	785 mm (30.9 in.) adjustable +/- 15 mm (0.6 in.)
Seating capacity	Two
Wheelbase	1,490 mm (58.7 in.)
Curb weight	222 kg (489 lb) including required fluids and full tank of gas - ready to ride
Fuel capacity	20 litres
Colour	Pearl Nightstar Black
